Port Coquitlam, BC

# SALE PROPOSAL

## YOU EAT

# Greetings!

According to the Canada Community Health Survey, only 30 % of the population consumed vegetables and fruits five or more times a day.

It is known that fruits and vegetables consumption provide an important source of vitamins, minerals, and fiber, which may reduce the risk of heart disease and some type of cancer.

# About YOU EAT

We are a company based in Port Coquitlam, BC.

Our mission is to educate people about the importance of a balanced diet and to help them change their eating habits by using Healthy Portion Plates.

Child portion plates are of foremost important because eating habits are formed during childhood.

When designing our plates, we aimed to make them colorful in a way that attracts every child's attention. The Healthy Portion Plate presents the main food groups to your child, forming a perspective on a balanced diet, and inspiring family talks on what is on the plate.

Quality and safety are our top priorities. All plates are made of food-grade porcelain approved by FDA and based on Canada's Food Guide.
